

CBBC offers the best of both worlds. Situated in ponderosa pines, the camp reveals God's majesty through his beautiful creation. And yet, at only four miles from Prescott, the site has convenient access to the benefits of the community.

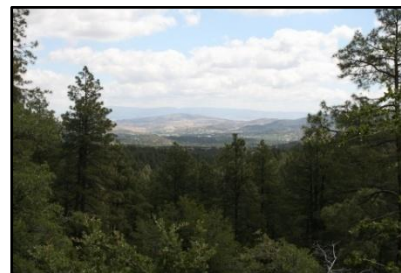

- The camp borders U.S. National Forest. Visitors are welcome to bring off road vehicles for use off camp property.
- Just minutes from Historic Downtown Prescott and Antique Shopping
- Close to scenic Skull Valley Lookout
- 1 Hour from Jerome and the Verde Valley Railroad
- 2 Hours from the Grand Canyon

Serving visitors since 1981, the mission of Copper Basin Bible Camp is threefold.

1. To provide a summer camp for children, in which they can grow in Christ through study of God's word and interaction with other campers in the setting of God's natural creation.
2. To provide activities to bring together congregations from around the valley and across the state, to promote fellowship and unity among the churches of Christ.
3. To provide a place for congregations of the Lord's church to hold retreats and other meetings in a setting which is removed from the distractions of urban life.

With an elevation of 6,125 feet, CBBC offers a true four season experience for visitors. Enjoy the sprawling 80 acre campus covered with tall ponderosa pines. Please contact our office to find out how CBBC can make your event even more meaningful.
